MAJOR MEDICAL PLAN BENEFIT SCHEDULE - PAGE 10

INSURER DISCLOSURE OF IMPORTANT POLICY PROVISIONS Major Medical Plan

- 1. Your policy contains exclusions, listed in Section 6: WHAT WE DO NOT COVER—EXCLUSIONS. Your policy excludes coverage for diagnosis or treatment of any:
- a. "Preexisting condition," which means "any condition for which a veterinarian provided medical advice, the pet received treatment for, or the pet displayed signs or symptoms consistent with the stated condition prior to the effective date of a pet insurance policy or during any waiting period."
- b. "Hereditary disorder," which means "an abnormality that is genetically transmitted from parent to offspring and may cause illness or disease."
- c. "Congenital anomaly or disorder," which means "a condition that is present from birth, whether inherited or caused by the environment, which may cause or otherwise contribute to illness or disease."

Other exclusions may apply. Please refer to the exclusions section of the policy for more information.

- 2. Your policy has these provisions that limit coverage:
- a. Section 5 of your policy—DEDUCTIBLE—says: "We list your deductible on the Declarations Page or Renewal Certificate of your policy. Your deductible applies to each policy term." This section explains how we will apply your deductible.
- b. The following waiting periods apply to your policy:
- (1) Section 3 of your policy says that your policy is effective during the times and dates shown on your Declarations Page or Renewal Certificate and your policy effective date will not be earlier than 14 days after we approve your application and receive your payment.
- (2) Section 6. E. of your policy says that we will not pay for "diagnosis or treatment of cruciate ligament or meniscal damage or rupture that occurs during the first twelve calendar months that this policy is in effect."
- (3) Section 7. of your policy provides Additional Coverage for diagnosis or medical treatment for specified ineligible conditions and for surgical expenses for specified ineligible conditions, up to limits specified in this section. Your policy says that we will not pay these expenses during the first twelve months that your policy is in effect.
- c. Your policy contains several limits that apply each policy term, which is shown on your Declarations Page or Renewal Certificate.
- (1) Section 4.A. of your policy says that for your covered veterinary expenses to be eligible for payment under your policy, your pet's condition or procedure to treat this condition must be listed in the Benefit Schedule of your policy. This Benefit Schedule contains separate annual limits for conditions or procedures that are covered by your policy.
- (2) Section 4.B. of your policy says that we apply your deductible to covered veterinary expenses that you incur during the policy term and we will pay these expenses up to the limit of one Column A Primary Diagnosis Allowance and any Column B Secondary Diagnosis Allowance that applies to your pet's

condition. These Diagnosis Allowances are maximum amounts paid during each policy term, regardless of the number of incidents or treatments during the policy term.

- (3) Section 4.C. of your policy says that covered veterinary expenses from each incident are eligible for payment under only one Column A Primary Diagnosis Allowance and any applicable Column B Secondary Diagnosis Allowance. Additionally, this section says that in each incident, we will apply the Column A Primary Diagnosis Allowance of the predominant condition for which your pet received veterinary services. This section also says that we will not pay both a Column A Primary Diagnosis Allowance and a Column B Secondary Diagnosis Allowance under any Diagnosis Code that applies to the same condition.
- (4) Section 4.D. of your policy says that all payments under any Diagnosis Allowance reduce the amount payable under that Diagnosis Allowance for any other covered veterinary expenses incurred during the policy term. Additionally, this section says that covered veterinary expenses that are paid under one Diagnosis Allowance are not payable under any other Diagnosis Allowance. This section also says that we will only pay veterinary expenses for diagnostic testing resulting in the diagnosis of a condition that is covered by this policy.
- (5) Section 4.E of your policy says that will not pay more than \$1,650 in each policy term for Specialized Diagnostic Tests conducted by your veterinarian.
- (6) In Section 7.A., we provide Additional Coverage for diagnosis or medical treatment expenses for specified ineligible conditions and your policy limits payment for this treatment to \$275 in each policy term. In Section 7.B., we also provide Additional Coverage for surgical expenses for specified ineligible conditions, and your policy limits payment for this treatment to \$550 in each policy term. No expenses are payable under Section 7 for any diagnosis or medical treatment or surgery that occurs in the first twelve months that your policy is in effect.
- 3. We do not reduce coverage or increase premiums based on your claim history.
- 4. Description of the basis or formula on which we determine claim payments under your policy. We review all invoices for veterinary services and supporting forms and documentation you submit and determine whether the expenses you submit are covered under your policy. If your expenses meet the terms of the insuring agreement of your policy, we determine whether any other policy provision excludes or limits coverage. If you have complied with all policy terms and conditions and if the veterinary services expenses you submit to us are payable under your policy, we pay these expenses subject to all terms, conditions, limitations, and exclusions of your policy.
- 5. Your policy has a Benefit Schedule, located in the policy form booklet we send you—immediately following your coverage form. We use this Benefit Schedule in determining claim payment under your policy.

NOTICE: 30-DAY FREE LOOK: CANCELLATION BY RETURN OF POLICY
